

FINANCIAL TRANSPARENCY GUIDE

2025-26

COST PER SEMESTER · SELF-REPORTED BY CHAPTERS

Every IFC chapter at WSU reports its membership costs on a standard form so prospective members and their families can compare chapters side by side. **All figures are per semester unless noted, and come straight from each chapter.** Numbered marks point to important context on the reverse. Read those before drawing conclusions, since chapters bundle costs differently.

Where fall and spring differ, both are shown (fall / spring). Live-in requirement is the number of years a member is expected to live in the chapter house. Superscript numbers correspond to chapter notes on page 2.

CHAPTER NOTES & ASTERISKS

- 1 Acacia.** In-house figure is chapter dues only. House rent (\$915/mo) is billed separately, and nationals dues are already inside the dues number.
- 3 Kappa Sigma.** Reported in-house dues and new-member fee only; out-of-house, nationals and misc. not listed. No live-in requirement.
- 5 Pi Kappa Alpha.** Out-of-house and nationals are both reported as \$0. Confirm with the chapter what those figures cover.
- 7 Sigma Phi Epsilon.** Nationals is a one-time \$320 lifetime payment, not per semester. New members pay at the out-of-house rate.
- 9 Theta Xi.** New-member, in-house and out-of-house totals already include nationals and misc., so don't add those columns again.
- 2 Delta Sigma Phi.** Misc. charges are optional. The required minimum is about \$900 per semester in the first year.
- 4 Phi Delta Theta.** In-house total includes a Monday-Friday meal plan. Nationals dues are billed in spring only (\$175).
- 6 Sigma Nu.** Amounts may shift slightly term to term depending on recruitment numbers and member attrition.
- 8 Tau Kappa Epsilon.** Nationals dues are covered through the live-out fee. Out-of-house is \$500 fall / \$0 spring.

HOW TO USE THIS GUIDE

Figures are self-reported by each chapter and are subject to change. Costs are structured differently chapter to chapter. Some bundle nationals, meals or philanthropy into one number while others list them separately, so a lower headline figure isn't always cheaper overall. Use the per-semester columns plus the notes above to estimate a full year, and ask any chapter directly for an all-in first-semester total before accepting a bid. **Nearly every chapter offers payment plans and scholarships**, so cost should never be the only reason to rule a house in or out.
